

IRCCS ISMETT

is issuing a call for applications for

1 Farmepac Pharmacist Research Fellowship

(Ref. Farm Farmepac/20 TD)

ISMETT (Istituto Mediterraneo per i Trapianti e le Terapie ad Alta Specializzazione) is a state-of-the-art and one of the most technologically-advanced hospitals in Italy, managed by UPMC (University of Pittsburgh Medical Center) in partnership with Civico Hospital and the Ri.MED Foundation. The Italian Ministry of Health acknowledged ISMETT as a Scientific Institute for Research and Health Care (IRCCS) in the area of "End-stage organ failure treatment and research."

IRCCS ISMETT, as part of the project "Concomitant use of drugs, medicinal herbs, and alternative medicines in patients receiving new-generation therapies for the treatment of chronic Hepatitis C. Evaluation of possible interactions and onset of adverse events", funded by the Region of Sicily, Regional Health Commission, is issuing a call for applications for one Farmepac Pharmacist Research Fellowship. The duration of the fellowship is subject to that of the project of reference.

As part of the project supported by the fellowship, the research fellow will be responsible for collecting and analyzing data, preparing (intermediate and final) scientific reports, preparing and administering questionnaires, developing and distributing informational materials, and drafting project-related scientific publications.

Upon submitting their application, candidates must meet the requisites and possess the preferred qualifications indicated in this call and specify them in the on-line form.

Requisites:

- Master's degree in Pharmacy and Industrial Pharmacy or equivalent title (please indicate the final mark in the on-line form).
- Specialization in Hospital Pharmacy or equivalent, already obtained or in progress (only students enrolled at least in their third year of postgraduate school will be admitted).
- Pharmacist professional license.
- Enrollment in the Board of Pharmacists.

Preferred qualifications:

- Documented experience in Drug Surveillance.

The ideal candidate has knowledge of the appropriate use of drugs for the treatment of HCV and of the interactions between drugs and herbal medicines or alternative medicines and has a good knowledge of the pharmacological interactions and main computer applications. Proactivity, flexibility and team working abilities, and good organizational, time management, and problem solving skills complete the profile.

The training and research activities will take place in Palermo.

This Research Fellowship is not cumulative nor compatible with other fellowships, research grants or contributions granted for whatever reason, or working task performed for any reason whatsoever.

Only applicants who are not excluded under the provisions of art. 53, para. 16-ter, Legislative decree 165/2001, and subsequent modifications and amendments (General Rules Governing the Work of Public Administrations) may attend this selection.

Additional information on this call for applications will be posted in the "Work with us" section of our website (<https://www.ismett.edu/en>).

The date and location of the tests will be published on <https://www.ismett.edu/en>. Applicants will be expected to access this information from the above mentioned website. Applicants failing to show up for the tests on the scheduled day, time, and location will be excluded from the selection, whatever the cause of their absence, even if these are beyond their control or due to causes not ascribable to them.

Please note that in the event of a written test, applicants are strictly forbidden, under penalty of exclusion from the selection, to bring mobile phones, tablets, smart watches, or any other device for data storage, reception, or transmission inside the premises where the tests will be carried out. This prohibition is extended to all devices, even these are switched off, deactivated or non-operating. We regret to inform applicants that we are unable to provide wardrobe or luggage storage service on the premises. Applicants are therefore kindly requested to leave all unauthorized items outside the selection room.

IRCCS ISMETT reserves its right of discretion to the fullest extent permitted by law in assessing the candidates and the eligibility of their applications.

After reading the privacy statement and authorizing the processing of their personal data (EU Regulation 2016/679), applicants of both sexes (Law 903/77) are requested to fill out the on-line application form available at <https://selezioni.ismett.edu/?lang=en> indicating the reference code.

The on-line form must be filled out paying particular attention to the requisites and preferred qualifications indicated in the call for applications. Filling out the on-line application form in an incomplete, approximate, or incorrect manner may lead to considering the candidate not eligible to performing the tests. When filling out the on-line application form, applicants will be requested to attach their CV. Applicants will be requested to issue a self-statement regarding their possession of the requisites listed in this call for applications.

IRCCS ISMETT declines any responsibility for lack of communication due to incorrect e-mail addresses provided by candidates upon submitting their on-line application.

The deadline to submit the applications is **February 6, 2020**.

Please note that only applications submitted on-line will be taken into consideration (<https://selezioni.ismett.edu/?lang=en>)

Please note that selection records are confidential documents for internal use only, and may not be disclosed.

All applicants are obliged, at any time during the selection process, and if requested by ISMETT, to provide the documentation certifying the stated possession of the requisites within the requested deadline.

Should any preliminary verification show a discrepancy with any statement of the applicant, the research fellowship will not be assigned.

IRCCS ISMETT reserves the right to revoke and/or invalid or definitively suspend this selection process at any time, with no obligation to notify candidates, and with no right for the latter to raise any right or claim whatsoever.

IRCCS ISMETT reserves the right to use the list of eligible candidates for future training/research fellowships for similar projects during its period of validity.

Personal data included in the CVs and any other information collected during the selection will be processed by IRCCS ISMETT and UPMC Italy in their role of joint controllers, for selections for this or other similar positions. Applicants are requested to not include sensitive data (e.g., on health status), unless strictly necessary. Detailed information also with reference to data storage times and rights recognized under EU Regulation 2016/679, are available at <https://www.ismett.edu/en> in the "Work with us" section.
