

IRCCS ISMETT

is issuing a call for applications for the selection of

Pathology Laboratory Technician (Ref. TAP/22)

The purpose of this call is to create a list, that will have a maximum validity of 36 months, of a maximum of 15 eligible candidates ranked in order of merit, to which IRCCS ISMETT reserves the right to refer to for potential future working contracts.

Istituto Mediterraneo per i Trapianti e Terapie ad Alta Specializzazione (ISMETT), is a multi-organ transplant center and high-specialty hospital established by means of an international not-for-profit public-private partnership between the Region of Sicily, Ri.MED Foundation, and UPMC (University of Pittsburgh Medical Center), which is responsible for its operational management. The Italian Ministry of Health has acknowledged ISMETT as a government-approved research hospital or *Istituto di Ricovero e Cura a Carattere Scientifico* (IRCCS) in the area of "End-stage organ failure treatment and research". ISMETT is one of the few Joint Commission International (JCI) accredited hospitals in Italy since 2009, and one of only six Italian hospitals with EMRAM HIMSS Stage 6 certification.

ISMETT is a dynamic and multicultural working environment with integrated dignity and respect. UPMC Italy provides opportunities for personal development, oriented towards continuous improvement and outstanding patient care.

Under the supervision of the Pathology Laboratory Technician Coordinator, the Pathology Laboratory Technician will be responsible for the technical preparation of cytohistology specimens for diagnostic, training, and research purposes, carrying out and recording all tasks related to the application of the main pathology diagnostic methods.

Applicants must meet the requisites and preferred qualifications of this call when filing the application and state them in the on-line form.

Requisites:

- University degree in Biomedical Laboratory Techniques recognized in Italy, or equivalent title (please indicate the final mark in the on-line form).
- Enrollment in the professional board of reference (if pending, provide evidence of the filed request).
- At least six months of documented professional experience in pathology laboratories.

Please note that the experience gained during the training performed in the scope of the university degree in Biomedical Laboratory Techniques neither integrates nor meets the above requirement of "previous professional experience".

Preferred qualifications:

Documented experience in the execution of inclusions of small biopsies and cytology content preparation, cryostat cutting of needle biopsies, microtome cutting of small biopsies, and routine, histochemistry, and immunohistochemistry staining.

The ideal candidate is also familiar with the analytical methods used in modern pathology laboratories, including molecular analysis methods and digital pathology applications.

Experience in ordinary maintenance of equipment used for diagnostic and research pathology applications, and experience with reagent warehouse management.

Knowledge of common computer applications normally used in pathology labs. English proficiency and good knowledge of the main computer applications. Organizational, time and stress management, interpersonal skills, accuracy, and critical thinking complete the profile.

The workplace is Palermo.

Only applicants not excluded under the provisions articulated Legislative decree 165/2001, art. 53, para. 16-ter, and subsequent modifications and amendments (General Rules Governing the Work of Public Administrations), can participate in this selection.

Information concerning this selection will be notified to candidates through the official website in the "Work with us" section (www.ismett.edu). Applicants will be expected to access this information from the above mentioned website.

IRCCS ISMETT reserves any and wider sole right of discretion in assessing the candidates to be included in the list of eligible individuals.

After reading the privacy statement and, if necessary, authorizing the processing of their personal data (EU Regulation UE 2016/679), applicants of both sexes (Law 903/77) are requested to fill out the on-line application form available at <http://selezioni.ismett.edu>.

The on-line form must be filled out paying particular attention to the requisites and preferred qualifications indicated in this call for application. Filling out the on-line application form in an incomplete, approximate, or incorrect manner may lead to considering the applicant not eligible to performing the tests.

When filling out the on-line form, applicants will be requested to attach their CV. Applicants will be requested to issue a self-statement regarding their possession of the requisites listed in this call for applications.

IRCCS ISMETT declines any responsibility for non-delivery of communications due incorrect e-mail addresses provided by applicants upon submitting their on-line applications.

The deadline to submit the applications is **June 7, 2022**.

Please note that only applications submitted on-line will be taken into consideration (<https://selezioni.ismett.edu/?lang=en>)

Please note that selection records are confidential documents for internal use only, and may not be disclosed.

All applicants commit, at any time during the selection process, and if requested by IRCCS ISMETT, to provide the documentation certifying the stated possession of the requisites within the requested deadline.

Should any preliminary verification show a discrepancy with any statement submitted by an applicant, the latter will be excluded from the selection process, and any negotiation permanently suspended.

A list of suitable candidates will be drafted with no more than 15 eligible candidates ranked in order of merit, with a maximum validity of 36 months, to which IRCCS ISMETT reserves the right to refer to for potential future working contracts. The list will contain the names of the persons deemed eligible at the sole discretion of IRCCS ISMETT. Inclusion on the list entails no commitment on behalf of IRCCS ISMETT to start a professional collaboration with that person, nor any rights of preference for prior and different selections or rankings at IRCCS ISMETT.

The finalization of the employment contract is subjected to the submitting of the documentation proving that the candidate meets the requirements.

Candidates unable to provide the requested documentation within the mandatory and final deadline indicated by IRCCS ISMETT based on its unquestionable organizational needs, for any reason whatsoever even if beyond their control, will be excluded from the selection regardless of their ranking.

IRCCS ISMETT reserves the right to revoke and/or invalid or definitively suspend this selection at any time, with no obligation to notify applicants, and with no right for applicants to raise any right or claim whatsoever.

Please note that applications of candidates who, under previous fixed-term working relationships with IRCCS ISMETT in the same role, have reached the maximum time limit of 24 months as defined by art. 19, para. 2 of Legislative decree 81/2015, amended by art. 1 the Law decree 87 of 12 July 2018, and converted with modifications by Law 96 of 9 August 2018, will not be taken into consideration.

Personal data included in the CV and any other information collected during the selection will be processed by IRCCS ISMETT and UPMC Italy in their role of joint controllers, for selections for this or other similar positions. Applicants are requested to not include sensitive data (e.g., on health status), unless strictly necessary. Detailed information also with reference to data retention times and rights recognized under EU Regulation 2016/679 are available at <https://www.ismett.edu/en> in the "Work with us" section.
