

UPMC Italy

is issuing a call for applications for the following position:

1 IT ERP Analyst (Ref. IT ERPA/23)

[UPMC](#) (University of Pittsburgh Medical Center) is a world-renowned healthcare and research enterprise headquartered in Pittsburgh, Pennsylvania, U.S.A., inventing new models of patient-centered, cost-effective, accountable care.

With facilities in Campania, Lazio, Sicily, [UPMC Italy](#), the Italian division of UPMC, is a leader in patient care, biomedical research, telemedicine, IT development and consulting services in areas related to medicine and research.

UPMC Italy is a dynamic and multicultural working environment integrated with dignity and respect. UPMC Italy provides opportunities for personal development, oriented towards continuous improvement and outstanding patient care.

The IT ERP Analyst supports the IT ERP Manager in overseeing and implementing applications for corporate administrative processes, with particular reference to supply chain and procurement accounting. He/she collaborates with Business Key Users in order to support administrative efficiency processes through digitization. The IT ERP Analyst provides first-level support to users for routine use of corporate ERP modules, in addition to all IT tools in use. He/she manages and implements updates of current applications and maintenance based on needs, costs, and plans agreed with the IT ERP Manager.

According to Italian Legislative decree 198/2006, this call is open to all people of any gender identity or expression, sexual orientation, age, ethnicity, and religious belief. This call was designed according to our values of dignity and respect: UPMC Italy is committed to overcoming obstacles and prejudices, creating an accessible, welcoming, and inclusive work environment. In compliance with Italian Law 68/99, we carefully assess and consider applicants from protected categories as preferential.

The ideal candidate possesses the following requisites:

- University degree in a scientific/engineering/computer science/economics/statistics field.
- Experience of at least three years developing or supporting ERP systems.
- Knowledge of project management methodologies.
- Good SQL knowledge.
- Good knowledge of advanced reporting systems.

- Knowledge of Oracle ERP Fusion and/or Sap Business One or other ERP systems for large enterprises.

Other requisites: English proficiency, knowledge of the main computer applications, confidentiality, problem-solving, stress management, emergency management, and good communication and organizational skills are also instrumental to the role.

Workplace: The selected candidate will work in one of the UPMC Italy locations (Palermo or Rome). Availability for domestic transfers.

UPMC Italy reserves the right of discretion to the fullest extent permitted by law in assessing applicants and the eligibility of their applications.

Only applicants not excluded under the provisions articulated in Legislative decree 165/2001, art. 53, para. 16-ter, and subsequent modifications and amendments can participate in this selection (General Rules Governing the Work of Public Administrations).

After reading the privacy statement and, if necessary, authorizing the processing of their personal data [EU Regulation EU 2016/679], applicants (Law 903/77) are requested to fill out the on-line application form available at <http://selezioni.upmcitaly.it/?lang=en>.

All communications from UPMC Italy will be emailed to the address stated by the candidates upon submitting the application.

UPMC Italy declines any responsibility for non-delivery of communications due incorrect e-mail addresses provided by candidates when submitting their applications.

The deadline to submit applications is **March 24, 2023**.

Only applications submitted online (<http://selezioni.upmcitaly.it/?lang=en>) with an attached CV will be taken into consideration.

Our Values

At UPMC, we're driven by shared values that guide our work and keep us accountable to one another. Our Values of Quality & Safety, Dignity & Respect, Caring & Listening, Responsibility & Integrity, Excellence & Innovation play a vital role in creating a cohesive, positive experience for our employees, patients, and community.
